

38. What is the prescription of the lens represented by the following optical cross (Figure 2-2)?

- a) Plano - 2.25 X 180
- b) - 2.25 - 2.25 X 180
- c) Plano + 2.25 X 090
- d) Plano - 2.25 X 090

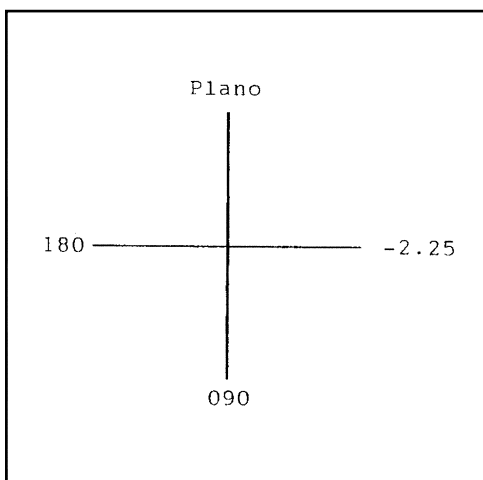

Figure 2-2.

39. What is the prescription of the lens represented by the following optical cross (Figure 2-3)?

- a) -1.25 + 2.00 X 135
- b) + 2.00 - 1.25 X 135
- c) + 2.00 - 3.25 X 045
- d) -3.25 + 2.00 X 045

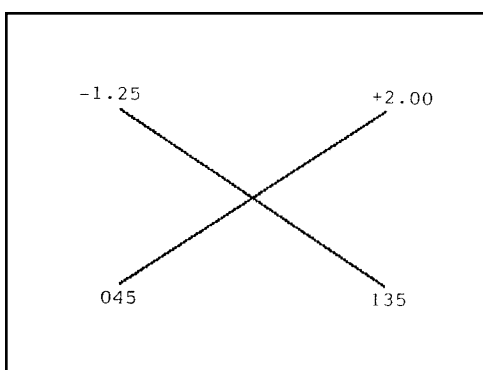

Figure 2-3.

40. The ocular media consist of:

- a) The lens correction for ametropia
- b) Contact lenses and intraocular lenses
- c) The eyelid, sclera, uvea, and optic nerve
- d) The tear film, cornea, humors, and lens
