

License Agreement for Open Access

Authors whose manuscripts are accepted by the Journal acknowledge that the journal operates under the gold open access model, and at acceptance, authors agree to pay the article processing charge (unless waived) to have their article made freely available online immediately upon publication.

Authors are asked to agree to the License Agreement for Open Access found in this document. This broad license has been developed to facilitate open access to original works of all types for personal, research, and educational use but not necessarily commercial use, as indicated herein.

AUTHORSHIP CRITERIA AND CONTRIBUTIONS

The author(s) certify that I/we have made a direct and substantial contribution to the work reported in the manuscript in at least the first two of the following three areas:

- Conception and design of the study, data collection, or analysis and interpretation of the data (MANDATORY);
- Writing the manuscript or providing critical revision of the manuscript for intellectual content (MANDATORY); and
- Statistical expertise; obtaining funding; administrative, technical, or material support; or supervision (OPTIONAL).

I/we also certify having given final approval of the submitted manuscript and agree to allow the corresponding author to serve as primary correspondent with the editorial office.

AUTHOR REPRESENTATIONS AND ETHICS

The author(s) declares that the article is original, has not been submitted to or is not under consideration by another publication, has not been previously published in any format, including electronic, and contains no matter that is, to the best of the author's knowledge, libelous or unlawful, or that infringes upon any US copyright.

The author(s) verifies that I/we have obtained written permission from copyright owners for any excerpts from copyrighted works that are included and have credited the sources in the article.

The author(s) confirms that if personal details or images of patients, research subjects, or other individuals are used, I/we have obtained all consents required by applicable law and complied with SLACK Incorporated's policy related to the use of such images and/or personal information.

DISCLOSURE OF POTENTIAL CONFLICTS OF INTEREST

The author(s) understand I/we will be required to disclose any potential conflicts of interest related to this work, in compliance with the International Committee of Medical Journal Editors' guidelines.

COPYRIGHT AND SCHOLARLY COMMUNICATION RIGHTS

The author(s) understands that I/we retain the copyright to the article and that no rights in patents, trademarks, or other intellectual property rights are transferred to the Journal.

The author(s) confirms that I/we own the copyright to the article UNLESS one of the following is checked:

- Work made for hire for employer/work done in the course of employment: The article was prepared by the author at the request of the author's employer and within the scope of the author's employment, and copyright of the article is owned by the author's employer, in which case both the author and an authorized representative of the author's employer must sign the License Agreement. Name of Employer: _____
- US Government work: The authors are employees of the United States Government and prepared the article as part of their official duties.

The publisher will publish and distribute the article with the appropriate copyright notice in the name of the author(s)/employer where applicable.

The author(s) or the author's representative is entitled to deposit the final electronic version of the article into an institutional or centrally organized subject repository upon publication. This is provided that the author includes a link to the published version of the article on the journal's website, and that the journal and SLACK Incorporated are attributed as the original source of publication, with correct citations given.

LICENSE OF PUBLISHING RIGHTS

I/we, the author(s), hereby grant to the Journal (for employee authors, the employer grants) an exclusive publishing and distribution license in the article identified above and any supplemental tables, illustrations or other accompanying information intended for publication as part of the article in all forms and media (whether now known or hereafter developed), throughout the world, in all languages, for the full term of copyright, effective when and if the article is accepted for publication by the Journal. This license includes the right to provide the article in electronic and online forms and systems and to enforce the rights granted by this license against third parties. With respect to supplemental data that I/we wish to make accessible either through a link in the article or on a site or through a service of the Journal, the Journal will be entitled to publish, post, make available, and link to such data on a non-exclusive basis.

The publisher will apply the **Creative Commons Attribution-NonCommercial 4.0 International (CC BY-NC 4.0)** to the article for the purposes of publication in the Journal on an open access basis.

The CC BY-NC license allows users to copy and distribute, to remix, transform, and build upon the article non-commercially, provided the author is attributed and the new work be non-commercial. The full details of the license are available at <http://creativecommons.org/licenses/by-nc/4.0/legalcode>.

Note: Authors at institutions that place restrictions on publishing agreements or that assert an institutional right to distribute or provide access to the works of institutional authors must obtain an express waiver from those institutions releasing the author from such restrictions to enable the acceptance of this License Agreement.

REVISIONS AND ADDENDA

I/we, the author(s), understand that no revisions, additional terms, or addenda to this License Agreement can be accepted without the Journal's express written consent.

ACCEPTANCE OF TERMS

Please sign this License Agreement and return the completed and signed original of this form by emailing a scanned copy, retaining copy for your files, to the Journal.

I/we, the author(s), accept all terms and conditions of SLACK Incorporated's License Agreement for Open Access.
